

WATER SAMPLE NO-

(Junior Wing)

1. Sample water collected from Army Public School, Ahmednagar
(Identity number mentioned on the label)
2. The reason for and exact nature of the examination required For Drinking
3. Nature and location for source of water, the site of sampling MES Tap Water At Junior Wing, A.Nagar
4. Date and hour of sampling 06/06/23
5. Nature and distance of any source from which inflow of population appears probable -

6. Geological state likely to affect the water constitutes NO
7. If the source be a well
(a) Depth of the water surface :
(b) Depth of the water :
(c) Staining :
(d) Copping :
(e) Covering :
(f) Method of rising of water :
(g) Strata Penetrate :
} NA
8. If stored surface of water, nature of collecting surface and condition of storage: MES Supply
9. Meteorological condition, heavy rainfall or draught. NA
10. Any treatment the water received: - NO

- Clarification :
Chlorination :
Softening :
Boiling :
} NA

Station: Ahmednagar

Date : 06/06 / 2023
